Andy Ackerman is a fifth year Ph.D. candidate in Statistics and Operations Research at the University of North Carolina at Chapel Hill, working under the direction of Dr. Jan Hannig, Dr. J.S. Marron, and Dr. Zhengwu Zhang. He graduated *cum laude* from Clemson University in 2020 with a B.S. degree in mathematical sciences. His graduate work has focused on high-dimensional data integration and inference as well as algorithmic fairness. Said work has culminated in several peer-reviewed publications, and a novel course entitled *Moral Machine Learning* which currently satisfies the *data, culture, and society* credit of the Data Science minor. He is also a graduate fellow of the Parr Center for Ethics and the coach of the 2023-2024 UNC Intercollegiate Ethics Bowl Team. This team won the 2024 ethics bowl national championship in Cincinnati, Ohio on February 25.
